

Questions & Answers

Request for Proposal – Signage Services

- **How many signs for car park?**
 - **One sign per space. Seven (7) car park spaces in basement 1, seven (7) in basement 2 and 2 in front of the building.**

- **There will be any sign on the front door?**
 - **Yes, the glass front door should also have a sign with our logo indicating the entrance to OSHA offices.**

- **Any additional signage?**
 - **Yes, there would be one sign at the entrance up on the wall to direct persons to go to 2nd or 3rd floor.**
 - **An additional sign on the wall of stair case directing traffic and another OSHA sign on the glass window beside the door on each floor.**

- **What material should the signs be made of?**
 - **The material of car park and on the walls signs should be acrylic and those signs on the door of offices should be made of golden metallic material, these signs on the door of offices should allow for card to slide in or out (in case of staff changing location)**

- **Any sign for wheelchair access?**
 - **Yes, we need a sign to indicate the building has wheelchair access to be placed outside downstairs.**
